

May 23, 2013

JM Energy will participate in “Entech Pollutec Asia 2013” which will be held in Bangkok, Thailand from Jun. 5 (Wed) to Jun. 8 (Sat).

<Venue>

BITEC (Bangkok International Trade & Exhibition Centre)

Booth No. : U9

<Highlight >

JM Energy has realized great reduction of internal resistance of lithium ion capacitor, and commercialized laminate cells and prismatic cells using such technologies. You will find ULTIMO cells and modules together with examples of commercial applications at our booth.

We are sincerely looking forward to seeing you.
