

Aug 6, 2013

JM Energy will participate in “The 5th China (Shanghai) International Battery Industry Fair” which will be held at Shanghai New International Expo Center (SNIEC), Aug. 20-22, 2013

Official web page: <http://www.cnibf.net/en/index.asp>

<Venue>

SNIEC W4734

<Highlight >

JM Energy has realized great reduction of internal resistance of lithium ion capacitor, and commercialized laminate cells and prismatic cells using such technologies. You will find ULTIMO cells and modules together with examples of commercial applications at our booth.

We are sincerely looking forward to seeing you.
