

January 27, 2012

JM Energy will participate in “3rd International Rechargeable Battery EXPO (BATTERY JAPAN)” which will be held at Tokyo Big Sight from Feb 29 (Wed) to Mar. 2 (Fri).

<Venue>

Tokyo Big Sight West Hall W8-54

<Highlight >

JM Energy has realized great reduction of internal resistance of lithium ion capacitor, and commercialized laminate cells and prismatic cells using such technologies. You will find lithium ion capacitor cells and modules together with examples of practical applications at our booth

<Seminar>

JM Energy will give a discourse on “New Progress in Lithium Ion Capacitor “ULTIMO” -Low resistance and Prismatic-“ at Technical Conference at 15:30-18:00 March 1st (Thu).

We are sincerely looking forward to seeing you at our booth!
